Federal Aviation Administration – Feedback

“WOO HOO between BIG and FAA there are 55 contracts closed! We beat the goal of 52 and we are Green!! We achieved the FY 2008 Flight Plan goals for both closeouts and audits and Green will be reported in SPIRE. Organizational excellence is more than a notion. You, your managers and BIG overcame many obstacles to accomplish it. Congratulations and thank you.”

“This is just excellent--you did a superb job. Thanks for running by me--I have no comments. Please keep me posted, and call if you need anything. Thanks!”

“Thanks to your company for helping us achieve the number of cancelling actions that are completed to date which was reduced from \$255M to \$223M as of last Wednesday. We could not have accomplished this much without the assistance.”

“Thank you so much. Your team's work on this effort was outstanding. I appreciate all of dedicated work that went into this effort.”
